

The Jubilee Street Practice Ltd CQC inspection outcome announcement

The Jubilee Street Practice Ltd senior management team is delighted to share that following our CQC inspection on 09 December 2025:

The Jubilee Street Practice Ltd has been awarded an overall rating of **Outstanding**.

This follows our first Outstanding rating in 2016. This recognition reflects the unwavering commitment, compassion and professionalism demonstrated every day by our entire team. Every member of staff contributed to this achievement, whether directly engaging with inspectors or working tirelessly behind the scenes to deliver safe, responsive and high-quality care for our patients and community.

Outstanding was not created in a moment - it was built through consistent teamwork, continuous improvement and a shared belief in providing the very best care possible. We are incredibly proud of this result and deeply grateful to our staff, patients and partners whose support makes this work possible.

Nationally, we know that practices that retain an Outstanding rating are in the top 1%. We are humbled by this achievement.

We thank you deeply for your continued partnership and support. We look forward to continuing our collaboration with you as we build on this success and keep striving for excellence in everything we do.
